

Supplier Contract Match Report

Intalere Supplier Contract Match Report helps your facility drive supply chain efficiencies by leveraging Intalere's contract portfolio to lower purchasing costs.

Our Value

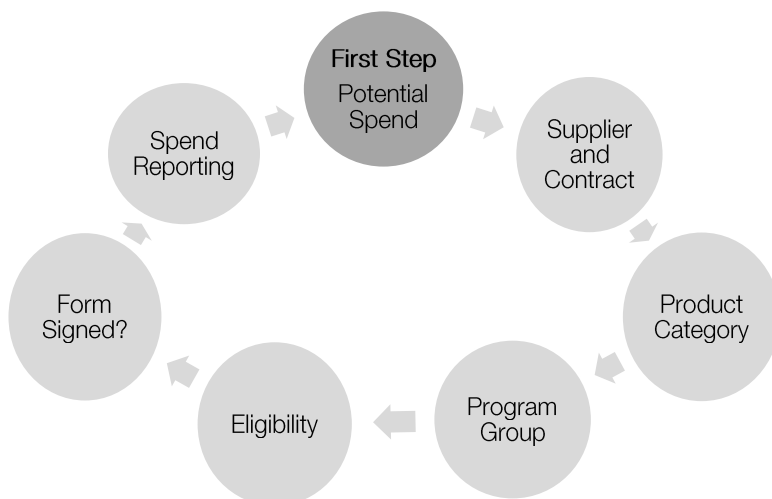

Intalere Supplier Contract Match Report is a robust accounts payable spend analysis designed to identify prospective savings opportunities between a facility's supplier spend and the Intalere contract portfolio. This report helps to ensure a facility is maximizing Intalere's expansive range of clinical and non-clinical product and services contracts.

Features and Functions

- Uncover the eligible Intalere contracts associated with the suppliers a facility is currently utilizing.
- Track the signed forms and sales reporting history of the contracts displayed.
- Identify variances between Intalere reported sales and the facility spend.
- Reveal spending with suppliers that are not in the Intalere contract portfolio.

The Intalere Diagnostix team utilizes a facility's supplier spend report to create the Intalere Supplier Contract Match Report. The analysis can be completed within about 2 weeks.

Supplier Contract Match Analysis

Intalere Data Analytics Solutions

Proprietary analysis software that assesses daily spend to deliver realistic and actionable information that helps manage facility costs. www.intalere.com

"I found the report very easy to understand and review. Using Intalere Member Resources I was able to quickly verify products that were under contract and then utilized the online contract sign-up feature. I now have expenses being reported that were overlooked. The report is another great tool that was developed for us by Intalere."

Getting Started

The following three phases summarize how your facility can start saving with the Intalere Supplier Contract Match Report:

PHASE 1: Intalere member obtains data from its Finance/AP department.

The data must be in an Excel file and include a list of all the Supplier Company Names your facility works with and the Total Dollars Spent with each supplier. Please provide 12 months of data and specify the date range in the file. Send this file to your Intalere Member Solutions representative.

PHASE 2: Intalere Diagnostix compiles the report.

Expect this process to take 2–3 weeks.

PHASE 3: Intalere delivers Supplier Contract Match Report to member.

Intalere will identify the eligible Intalere contracts associated with the suppliers a facility is currently utilizing and provide the necessary forms that need to be signed in order for the Member to begin saving.

About Intalere

Intalere's mission focuses on elevating the operational health of America's healthcare providers by designing tailored, smart solutions that deliver optimal cost, quality and clinical outcomes. We strive to be the essential partner for operational excellence in healthcare through customized solutions that address customers' individual needs. We assist our customers in managing their entire non-labor spend, providing innovative technologies, products and services, and leveraging the best practices of a provider-led model. As Intalere draws on the power of our owner Intermountain Healthcare's nationally-recognized supply chain expertise and leadership in technology, process improvement, and evidence-based clinical and business best practices, we are uniquely positioned to be the innovation leader in the healthcare industry. Visit www.intalere.com to learn more.

Our Team

Intalere's extensive field support and Member Solutions teams take an active role to assist the facility in implementing and reporting the results of every contract opportunity.

Intalere can also provide custom supply chain consulting in the areas of supply chain assessment, strategic expense reduction strategies, on-site contract utilization management, mentoring and education, strategic and operational benchmarking strategies, and placement of on-site interim contracted materials management experts.
